Time is moving forward, finally, as we approach our upcoming event in May, 2022! I am thrilled to announce we will have our first IN-PERSON event since February of 2020. May 14th and 15th we will have a weekend of Magical Disney guests presenting on Disneyland Attractions and on Disneyland Paris as it celebrates it's 30th anniversary.

The weekend of fun will commence on Saturday, May 14th with presentations from 10:00 a.m. to 1:30 p.m. We will continue with our famous DFC Legends Dinner at 6:00 p.m. which will include a special silent auction. This all-day event is \$109 for members and \$169 for non-members. All of this will take place at the DoubleTree by Hilton Anaheim/Orange County. Reservations for the hotel can be arranged by calling the hotel or using the link provided in this issue.

Our Saturday event will bring you presentations from the Legendary Bob Gurr and Garner Holt sharing their experiences about creating the magic we all have come to love at Disneyland. Next, Terri Hardin will share her incredible time as an Imagineer creating the Dragon's Lair in Disneyland Paris, in honor of the Park's 30th Anniversary,

We are thrilled to be able to present our Legends Awards to three honorees. The first honoree is the talented Imagineer and Art Director for Disneyland, Kim Irvine. Our next honoree was one of the first women to work for Imagineering, then known as WED Enterprises and Kim's mother, Leota Toombs (posthumously). Our third honoree is puppeteer, sculptor, former Imagineer, and fan favorite Terri Hardin.

Our weekend concludes on Sunday with our Strictly Disney Show and Sale of Collectibles. Held at the same Doubletree by Hilton Hotel as Saturday's event, we will have a ballroom filled with pins, artwork, figurines, books, and more. Members will be allowed to enter at 9:00 a.m. and the general public at 9:30 a.m. Be ready to find the must-have item you have been searching for these many months since our last show/sale in February of 2020.

None of this happens without the tireless efforts of members like yourself who have spent time planning, creating, arranging, and making the magic happen for you. But we need your help too. We cannot do all this on our own.

**VOLUNTEERS ARE NEEDED ON SUNDAY TO HELP WITH THE  
SHOW AND SALE. PLEASE CONTACT**

**JoAnn or Linda AT [Joannk1213@yahoo.com](mailto:Joannk1213@yahoo.com) or  
[Lrolls1368@aol.com](mailto:Lrolls1368@aol.com) to help us out for a few hours on Sunday. It's  
fun to get involved, you meet kind people and you leave feeling  
good about helping your club have a successful event. Thanks.**

# DISNEYANA FAN CLUB IS BACK IN PERSON

Join us in person as we gather together to celebrate all things Disney after a two-year break. The weekend of Saturday, May 14th and Sunday, May 15th, at the DoubleTree Hotel in Anaheim/Orange County, will be the location of the Disneyana Fan Club Event. Get ready for the fun to start on Saturday as we will have a morning of presentations, followed by Sunday's much-anticipated return of our Strictly Disney Co. Show and Sale. On Saturday, we will be amazed and enchanted by the stories of DFC and Disney Legend, Bob Gurr as he talks about creating early Disneyland Attractions. This talk will likely be a highlight of your year; such is the excitement that Mr. Gurr's stories often inspire. Garner Holt, DFC Legend and animatronic expert, will join him. Our last speaker will be Terri Hardin, former Imagineer, sculptor, puppeteer and Disney fan favorite.

**This day will be one you  
WILL NOT want to miss!!**

Register today online at our website or use the registration form in this issue.

# GUEST SPEAKERS

## Bob Gurr

Former Walt Disney Imagineer  
1997 Disneyana Fan Club Legend

Iconic Imagineer and Disney Legend, Bob Gurr, is the only remaining original Imagineer among those assigned by Walt Disney to design Disneyland in 1954. His most famous work was for Walt Disney's Disneyland Park, and its subsequent sister Parks. Bob is said to have designed most, if not all, of the ride vehicles of the Disneyland attractions, including the Autopia cars, Haunted Mansion doom buggies, the Disneyland Monorail, the Submarine Voyage, and the Matterhorn Bobsleds and many more. Bob also developed the first realistic humanoid animatronic, Mr. Lincoln for Great Moments with Mr. Lincoln.

Bob received the prestigious Disney Legend Award in 2004 and his handprints adorn the Court of Legends at the Walt Disney Studios in Burbank. In addition, he has the distinct honor of having a window on Main Street USA in both Disneyland and The Magic Kingdom. Apart from Disney, Bob designed the King Kong Encounter animatronic for Universal Studios Hollywood, the flying UFO for the opening ceremonies of the 1984 Olympic Games in Los Angeles, assisted Steven Spielberg in pre-production for the Jurassic Park T-Rex animatronic dinosaur, effects for Michael Jackson's Victory tour, as well as countless other projects and attractions that have entertained us for years and will continue to live on for generations to come.

# GUEST SPEAKERS

Disneyana Fan Club's Disney Legend Garner Holt will also be presenting at our special event.

Garner and his company, Garner Holt Productions, have been involved in designing and imagineering some of the most intricate, extremely complicated and amazing audio-animatronics that can be found in Disney Parks worldwide and other theme parks. It's always fascinating and entertaining to hear Garner speak about the details and engineering that go into the magic.

He founded Garner Holt Productions in 1977, when he was still in high school. Garner started the company in his parents' garage—with his mother acting as secretary! — and built it to a giant production facility, studio, and mockup space where they operate today with the help of nearly a hundred talented employees.

In Garner's own words, here's a description of the company that he created at the age of 17, "With a mission to inform, educate, and entertain, I believe our work and our creations have a lasting impact on our audience. This company is my main focus, my pride and joy, and, if I may brag a little, the most unique and talented group in the world. We've built nearly 500 Chuck E. Cheese animatronic shows for restaurants all over the planet. We were the first outside company to create an animatronic character for a classic Disney attraction--we now have more than 400 figures in Disney parks throughout the world. In our more than three decades of work, we've built more animatronics and other unusual and amazing creations than any organization on the planet."

## Terri Hardin

Former Walt Disney Imagineer

Terri Hardin is a remarkable and creative talent, whose achievements have spread the gamut of possibilities. A former Disney Imagineer, having worked on numerous attractions throughout the Parks. She is a talented sculptor whose pieces are sought out by her many fans. A puppeteer, pumpkin carver and entertaining speaker who delights audiences with her wealth of knowledge and engaging enthusiasm for her craft. We are thrilled to be able to honor her as a Disneyana Fan Club Legend.

## Kim Irvine

Walt Disney Imagineer

For the last four decades, Kim Irvine, Art Director, at Walt Disney Imagineering, has led a team in Anaheim responsible for maintaining the look, tone, and feel fo Disney'lands, Disney's original park. She is also working on Disenyland projects of adding a renewed Toon Town and greener Downtown Disney.

She guided Disneyland through the re-introduction of Abraham Lincoln, and the arrival of "Star Wars" and Indiana Jones properties. Later, she moved a river to accommodate Galaxy's Edge. Prior to the opening of Galaxy's Edge, she refurbished the Sleeping Beauty Castle, her sixth castle refurbishment. Known as a prominent Imagineer for her work on the Haunted Mansion, Pirates of the Caribbean, and the Disney apartment above Pirates, among other work, Irvine's talent has become legendary. The Disneyana Fan Club is proud to have selected her as one of our Legends for our May Event. She is the Daughter of Imagineer Leota Toombs, best known for providing the face of Madame Leota and Little Leota in the Haunted Mansion.

## Leota Toombs

Leota Toombs Thomas passed away on December 21, 1991

Toombs is best know for serving as the model for the character Madame Leota in the Haunted Mansion attraction. She was officially named a Disney Legend for her contributions in the categories of Attractions and Imagineering in 2009.

She began her career at the Walt Disney Studios in 1940, when she was hired into the Ink and Paint Department. She then transferred to the Animation Department, where she met animator Harvey Toombs, whom she married in 1947. She left the Company to raise their two children: Launie and Kim, but returned to Disney in 1962. Leota joined WED Enterprise, now known as Walt Disney Imagineering. While there, she created and developed designs for the 1964-1965 New York World's Fair, played pivotal roles in the creating of It's a Small World, Great Moments with Mr. Lincoln, and the Ford Magic Skyway. After the World's Fair ended, Leota transferred her talents to some of the most beloved attractions at Disneyland, including Pirates of the Caribbean and The Haunted Mansion. Her daughter, Kim Irvine, is also an Imagineer, starting with the company in 1970.
